

operated upon within the following 12-month period after commencement of operations.

- c. The type of sanitary landfill proposed to be constructed, the nature of the equipment to be used and the materials to be accepted.
- d. A survey by a registered surveyor, showing the location of the principal disposal site and the distance of any proposed operations, and the boundaries of the site.
- e. A map disclosing the approximate final grade and the levels to be established following completion of the disposal areas, including the proposed uses being contemplated for the future use of the land, and other such matters as may evidence the bona fide nature of the rehabilitation plans and the fact that the land will not be devastated and rendered unusable by the proposed waste disposal area.
- f. A map disclosing the location of all lakes, streams, creeks, watercourses and public, private, residential, agricultural and commercial water wells from which the samples will be taken for analysis, as stipulated in C(7) of this Section.
- g. A written agreement, signed by the owner/operator of the proposed disposal area, agreeing to abide by the following plan for solutions to groundwater contamination, should such contamination occur as a result, or suspected result of his disposal operations.

**H. Submittal of Waste Reduction Plan:**

The developer shall submit a planned program for implementation on a County-wide basis for:

- 1. recycling
- 2. composting
- 3. household hazardous waste reduction
- 4. education
